

## The minutes of the meeting held on Sunday 02/24/08

President Brian Reed called meeting to order (there's news). Members present were: Brian Reed, Roger Smith, Bob Case, Hank Tanzer, someone who sorta looked like Jim Alexander, John Kasuba, Rich Schisler, Rod Litchfield, Guy Raymond, Carvin Alexander, Doug Charlton and new member Mark Nicholson.

Brian and Dave tried to escape election by becoming a package deal.....didn't work as all officers were conned into returning for another year, damn!

It was decided that we would hold a 3rd annual air show. The date of July 12, 2008 was decided upon. The planning committee was again elected to be Brian, Roger, John, Bob and Rich...who was also tabbed as this years master of ceremonies while Dave is off playing cow pasture pool in Scotland. It was decided we needed some kind of "hook" to get more of Rutland out there.....maybe we should consider signs like the jet rally used to get folks to Middlebury or maybe we could just steal a whole bunch of kids and parents from their homes.

It was also decided that we would hold unofficial talks at the field to determine dates for a couple of club picnics, like one in the spring and one in the fall.....if anyone has any good dates pass them on.....I hear Carvin is looking.

We actually took a real live sort of official vote and decided to be a philosopher, er photographer....no wait I got it a philanthropist! We are gonna give money away. In fact Bob and Roger were elected to be the gold carriers and discuss making a \$500 donation to the Fair Haven area.....are we cool or what.

After not much discussion it was determined there would be NO yard sales again this year....yippee.

One of us brainchild's came up with the idea we should have a meeting at a public place where we could invite strangers....what, we're not strange enough already? Anyways I was elected to investigate the possibility of having it at Sports Legends Restaurant because they have a meeting room with TV's and well.....beer. Subsequent to the meeting I spoke with the owner and he is all for it.....as long as we have a few beverages and some munchies....looks like Mrs. Brian is out of the snack prep business. Anyways this is supposed to be some time in May.

We viewed the DVD of US putting on the air show and we really looked like we knew what we were doing, especially those on the flying end. Should be great propaganda at the Legends meeting.

Again John didn't bring pizza.....adjourned!
